

WEBINAR

SECONDARY MOVEMENT: HIDDEN CHALLENGES

26th October 2023, 10.30-12.00 (Brussels time)

Despite increased discussions and activities on complementary pathways into protection into the EU in recent years, one issue has emerged but rarely been discussed: the secondary movement of beneficiaries of complementary pathways.

While the secondary movement of asylum seekers is well-known, the secondary movement of beneficiaries of complementary pathways raises a number of important questions regarding

- target groups and their aspirations;
- programme set-up;
- reception and integration;
- remedial action.

As complementary pathways expand and multiply, this is an apposite moment to consider this important issue. We therefore invite you to an interactive webinar for practitioners, experts and those wanting to become either in the area of complementary pathways.

The meeting will be on Zoom. If you would like to attend, please fill in the form [here](#) to register.
